Wouldn't it be weird if they had, like, a transportation machine, and, like, instead of transporting you, it cloned you in the place you wanted to go and killed the original you. And you totally wouldn't know about it because you only had the memories up to the point where the original you got killed. Also, happy birthday.

This is a good week for entertainment — *30 Rock*, *The Office*, *Scrubs*, and *South Park*, and don't forget to check out the trailers for *Pineapple Express*, *Zombie Strippers*, and *Love Guru*.

Do you wish the horoscopes were funnier/didn't break the fourth wall? So do I. Submit your own horoscopes to [comics@thetartan.org](mailto:comics@thetartan.org)!

Libra is physically blind, but possesses psychic senses, and is also a skilled martial artist. He has the ability to shift into the Place Between Places, a mystical dimension that is untraceable to most life forms.

This week is going to be really awesome. But it's kind of Carnival week, so it's awesome for everyone; don't feel special.

Fish.
